Mr. Tom Cat Wilde

Dear Mr. Wilde:

As you are aware, the Department of Education recommends the termination of your status as a graduate student because of your low grade point average. The Graduate Division concurs with this recommendation and a hold has been placed on your registration for Fall 1996. No reference to this action will appear on your transcript.

I hope that in spite of the disappointment associated with not being allowed to continue in the graduate program, your studies at UCLA will contribute in a significant way to the attainment of your overall career objectives. Please accept our best wishes for your future endeavors.

Sincerely,

A handwritten signature in cursive script that reads "Kathleen Komar".
